THIRD, That we add to said fund three hundred dollars that can be spared from the surplus from our sinking fund, to be designated as the Moore Fund.

FOURTH, That we urge upon our membership the need of the enlargement of this fund; and call attention to this fund as a suitable and appropriate form of memorial for loved ones.

S. S. KEENER,
President.

B

Report of Epworth League Board.

There has been a slight decrease in the number of Leagues and League members during the past year, which fact we regret to note, convinced as we are of the practical value of the League in the life of the church. We urge the presiding elders, pastors, and laymen of each district to interest themselves in the District organization of the Leagues on the Institute plan, which has been demonstrated to be most beneficial for the development of the League, and for the instruction of League workers.

The executive committee of the State League Conference have appointed a committee to arrange a program for the next conference, which will be held in New Orleans in the month of April.

The Tri-State League Conference or Institute, which meets in the month of August at the Seashore Camp Grounds, is heartily recommended to the attention of the Conference as an ideal place for the combination of social, physical, intellectual, and spiritual benefit for young people, who have opportunity to take a summer vacation.

We call the attention of our General Conference delegates to the need of additional columns in our statistical blanks for the report of money raised by Leagues, for missions and other purposes, and for an additional column distinguishing Junior from Senior Leagues.

The Literary department of the League is provided with excellent annual courses of reading, which should be made the basis of reading circles, wherever practicable.

The opportunity, which the League affords of cultivating the missionary spirit among our young people, and of creating missionary intelligence among them, is one that is worthy of the attention of every pastor.

We trust that pastors who have never had League organizations in their charges, or who, having had the organization, have failed to give it their personal and immediate care, will not suppose that they have the right to declare the League a failure.

ROBERT H. WYNN,
President.

C

Report of Minister's Education Aid Association.

It is with special pleasure that we again present the report of this association; in doing so we wish that we could report more work accomplished.

We have at present but one beneficiary of our fund, Rev. W. H. Nelson, who is now a Junior at Centenary College. The outlook for the coming year is very bright, the membership having paid up their dues better than usual.

Our plan is to aid our beneficiaries by loaning to them the sum of $75.00, in quarterly payments, which amount is usually sufficient for board and books. The amounts advanced are secured by notes bearing six per cent interest and not payable until one year after the party aided shall have left college, and then payable in annual installments of one-fourth of the amount loaned.

At present our outstanding funds, secured by notes of beneficiaries, amount to $799.00, which being returned gradually with the regular funds from membership fees will form a nice fund for future work.

The officers for the ensuing year are Rev. Jno F. Foster, President; Rev. H. W. May, Vice President; Rev. R. H. Wynn, Secretary; Rev. F. S. Parker, Treasurer, and the Executive Committee, whose duty it is to pass upon all applicants for aid is, Rev. W. H. La Prade; J. M. Henry and Wm. Schuhle.

JNO F. FOSTER,
President.

Report on Bible Cause.

To the Bishop and Members of the Louisiana Annual Conference:

Your committee on Bible Cause make the following report. Regarding, as we do, the Word of God to be the source of all wisdom, the fountain of all truth, to be indeed the Power of God unto the salvation of man, we can not with too much emphasis urge upon the people called Methodists its daily perusal that the letter of its wisdom is burned into the soul, its love to fill the heart, and its spirit to control all human obligations, both to God and to our fellow-men, until that stage is reached where every man will "render unto Caesar the things which are Caesar's, and unto God the things which are God's," not the mere acceptance of truth, but that condition where the principle, the spirit and power of trnth, is infused into the whole being, when God's will becomes man's will, God's thoughts man's thoughts, God's words man's words, when righteousness shall outrank patriotism, religion and civilization, and the aim of the world and the church shall be the development not of a higher state of civilization, but a higher and purer religion which will solve those problems that now so vex the head and heart of every true citizen, and which threaten the very existance of both the church and the state.

It is a matter of great consolation that our late Methodist President requested that the mercy and justice of the Bible be meted out to his assassin, and himself when called to face death his lips were heard to utter, "It is God's way, His will be done!"

We would submit the following resolutions:

1. That we do all in our power to circulate the Bible among our own people, and that we try earnestly to increase our collections.

2. That Rev. T. K. Faunt Le Roy be appointed treasurer of the Bible Cause of the Louisiana Annual Conference.

The address of our Field Secretary, Rev. Geo. D. French, is Morristown, Tenn.

T. K. Faunt Le Roy,
Chairman.

E

Report of Committee on Church Publications.

Your Committee on Church Publications beg leave to submit the followihg report:

In the absence of an exhibit of the Publishing House, at Nashville, we have had to get information as best we could. We learn, however, that the past year has been one of the most prosperous in the whole history of the House. The branch house at Dallas, now in its third year, has been remarkably successful. The first year it did a business of $60,000, the second year $85,000, and seven months of the third year show an increase of 40 per cent over the same months of last year, or an increase of over $24,000 in volume of business in these seven months. The Dallas house does a large retail business; all this shows the wisdom of establishing it. As its location is convenient to us, our Conference ought to give it a large patronage.

Our various periodicals still maintain their high character, to which your attention has been called in former reports. The Review and Nashville Advocate ought to be read by all who wish to keep abrest with the current thought and the Church news of the day. The Epworth Era is steadily forging its way to the front rank of periodicals for young people. We are not informed as to the number of subscribers to these periodicals.

Our Sunday School literature still maintains its high rank as the best published anywhere. When we come to our own Advocate, published in New Orleans, we feel that we can speak without exageration in terms of highest praise. There has been a steady and marked improvement in the paper during the past year, and we are glad to learn of a gratifying increase in the number of subscribers. Let us all bestir ourselves during the incoming year to insure the circulation of all these papers, especially our own.

The North Alabama Conference has declined to cooperate with us in the publication of a paper, and therefore we may suppose that the Alabama Conference will do likewise. If, however, the last named Conference should make any proposition toutching the matter we recommend that the Publishing Committee of the New Orleans Christian Advocate be authorized to act for this Conference to any extent necessary. We recommend the appointment for the ensuing year of the same Publishing Committee, viz., S. S. Keener, F. N. Parker, and J. T. Sawyer.

In conclusion we recommend the adoption of the following:

RESOLVED, That on the first Sunday in May, or as near there to as practicable, each pastor present the claims of our books and periodicals to his people.

J. M. BROWN,
J. R. MOORE.

F

Report No. 1 of the Board of Education.

To the Bishop and Members of the Louisiana Annual Conference:

Your Board with gratitude reports the continued prosperity of our Conference Colleges. While the Twentieth Century was offering somewhat of a disappointment in its returns to these institutions by reason of the large diversion of the funds to other institutions very urgent in their immediate demands, our own received only a moiety of these funds. Soochow College was remembered to the amount of nearly Eight Thousand Dollars, Cuba nearly One Thousand, Vanderbilt University Six Hundred, Centenary College about Two Thousand Dollars, and Mansfield Fifteen Hundred Dollars. We would not have these foreign institutions receive a cent less, and yet surely our own Colleges should have been favored with as much as the highest of these figures. We hope that much subsoiling work has been accomplished in our state and Conference, which will bear fruit many days hence through the great movement of this Twentieth Century thank offering. The true Apostolic Church should be expending as much for the foreigners who have not the light as for their own, but in these gifts of the Twentieth Century offerings we have exceeded even this stanbard.

MANSFIELD FEMALE COLLEGE.

The fall term of Mansfield College has oppened very auspiciously having enrolled one hundred and thirty-two this term, eighty of these boarding pupils. There was graduated a class of twelve at last commencement. Improvements of various kinds have been constantly going on since the opening in September. Our College for Young Women is doing better work each session, and should have the heartiest support from

all our pastors. The Music department is larger than ever before in the history of the College. The morale of the student body is highly commendable, and ought to be an inducement for the parents to pass by State Institutions and give their patronage to our College. The multiplication of State Institutions, the eleemosynary and paternal colleges, should

Presidents of Mansfield Female College from 1855 to 1902-

but increase our determination to upbuild our own College rather than to neglect and become indifferent to this solemn duty to educate our own children. A Church that does not provide for the education of her own children will die, like a farmer who sows seed with its life inoculated with rust in the embryo. The very perpetuation of a Church, like that of a

family, must have its own individuality maintained by thus training up their own children, and instructing them in their own schools putting their die upon them. We are derelict to duty when we even quietly consent to turn our daughters over to the State to educate for us because it is cheaper. Why should a mother be so select in the associates of her daughter at home in that urban circle and yet deliberately pass by our College of high morale and dump her into an aggregation of four or five hundred girls from all walks in life without a single law of religious life in that institution and only barest rules of morality, this, forsooth, because there is the saving of a paltry sum of maybe seventy-five dollars per session in tuition fees?

More and more is the value of the smaller College coming out in the high standard of character developed there, the fitting for life battles by having been enabled to compete with a student body successfully, by having availed themselves of the complete influence of the character of the professor or instructor upon the scholar, by the highest all-round development of the student In the large Universities with their hundreds of matriculates there is the formation of cliques, circles within that vast body, the very numbers make the effect of a professor's character infinitessinal in influence; then the power of his life is lost in the vast hord of students under his tutelage and instruction.

Let us rally to our College for Young Women, feeling our responsibility to save our girls to the Church by thus fitting them for life under our own consecretated Christian teachers.

CENTENARY COLLEGE.

Centenary College has opened well with a matriculation of one hundred and thirty-five for the first term of the session of 1901-1902. The last session reached a total matriculation of one hundred and forty-nine, the largest since the war. There has been added a Commercial department to the College through the generosity of Mr. F. Herr. At an outlay of $800 a class room has been fitted out for this department, The liberality of this friend has suggested the refitting of the professors' class rooms to another friend, Mr. McKowen, who has expended fully three hundred dollars in refurnishing the class rooms, and gave three hundred dollars to the Alunmi Cottage Fund. The Vice President has also not been idle but collected nearly two hundred dollars for the improvement of the Sience department.

The faculty are doing excellent work in the class room. Twenty are receiving free tuition as the sons of ministers and those who are studying for the ministry, representing fully eight hundred dollars, which our Conference should make up in the Collection for education.

A View on the Campus of Centenary.

While there has been some advance in the way of increasing the Endowment it has only amounted to a thousand or more dollars during the Twentieth Century Thank Offering. This is the most urgent need at the present so that there will be no anxiety about full payment of every professor's salary. While other colleges in the Southland have had friends raised up to give in large sums toward the establishment of their plants by full endowments; our own, so far, lacks any single individual who will thus endow liberally a chair. While we wait and pray for such a God-send let us push with all possible earnestness a canvass for smaller gifts, not despising the day of small things.

We must educate our sons for our country's sake first. The largest and most liberal minded citizen is that one who is religiously educated, trained by the denominational college and sent forth into the arena of public life with trained heart and mind. Our form of government can only be maintained by the purest form of enlighted manhood; this comes forth from that college which stresses character as the "sine qua non" of all high careers in every grade of life. For our country must we educate our boys, that integrity may shine forth in jury box, in assembly halls, in forum, and upon the judicial bench, and in our legislative halls. From our colleges, where the professor leaves his impress upon the student body, ineradicably for lasting endurance, must the manhood controlling the future generation come.

We must educate our boys for the perpetuation of our Protestant Christianity. Romanism is awake to all the influence of parochial schools, colleges and university education. The enlargement, through the munificent gift of an able jurist in our metropolis a Jesuit College now owns one of the best equipped schools in the state, and right by the side of Tulane University there is a most valuable tract of land held for a future college site, and the preliminary school is at work there now. Romanism has a sleepless vigil which husbands all these influences for its perpetuation and advancement. With that vast influx of Roman Catholic into our state from southern Europe we must prepare to fight for every foot of vantage ground, and to prepare for self-preservation by thus educating our own boys. The overwhelming influence of Catholicism in our State Colleges so neutralizes all Protestant influence that it is almost lost altogether. The hope of Protestant Christianity lies in an educated youth from our own denominational colleges. Those whose learning has no cloud of priestcraft surrounding it, no signs or symbols of saints upon the escutcheon of the college or school.

Manhood stamped with all that boldness of Truth inculcated under our Christian professors, is the only hope for the maintenance of Protestant Christianity throughout the ages. Ever stronger and more firmly imbedded into the body of the

Nation will we be if we send forth a continuous stream of educated youth fron our denominational Colleges.

We must educate our own youth for the perpetuation of our own loved Methodism in this State. Mississippi can not do it for us; Tennessee can not do it for us; we must do it ourselves in our own borders. To preserve our own invidiality, Christian citizenship, and our own Methodist type, for there is more or less a type of Methodism made by the surroundings of a state and the character and environment with which the Christian manhood of a state is compassed.

To preserve all that is characteristic, noble and praiseworthy in our own Louisiana Methodism we must do our own educating. To forever perpetuate our Church in this State we must indoctrinate our youth in our own Colleges, stamp them with the highest Christian manhood while learning the sciences, while broadening all their single faculties and educing that particular line of studies which finally that youth is to carry to fartherest development, this development of basic Christian manhood must largely finished.

S. S. KEENER,
President.

C

Report No. 2 of the Board of Education.

The report of the Treasurer of the Board shows that the collections on assessments for the past year aggregate $1682.40 which, with $64.50 from the Children's Day Fund, total $1746.90 has been appropriated as follows:

Special collection directed	$ 19 00
To General Board	126 41
" Paine & Lane	126 41
" Expenses of Conference Board	27 12
" Centenary College	1231 78
" Mansfield College	216 18
Total	$1746 90

This amount is greater by nearly 100 per cent than the sum raised last year, and forms a basis for hope that our people are coming to realize the importance of the collection and the worth of our Conference Colleges.

TWENTIETH CENTURY MOVEMENT.

The final report on the Twentieth Century Fund shows an aggregate subscription of $20,000 from this Conference. As reports from the Treasurer of the General Board of Missions, to whom the subscription for Soochow University were

largely paid, have not reached this Board, we can not say how much of this remains uncollected, but we have reason to believe that nearly the entire sum will be paid. We earnestly urge that special effort will be made during the next two months to collect all balances, and that the same be sent to the Treasurer of this Board, Rev. W. W. Drake. In the interest of College endowment we hope that the General Board of Education will arrange for the continuance of this movement during the next quadrennium.

VANDERBILT UNIVERSITY.

The increasing influence of Vanderbilt University as a great educational force in the Church and Nation is apparent. We stress the importance of liberal endowment of the Biblical Department, and increased patronage on the part of young men who wish to be fitted for the ministry.

PAINE AND LANE INSTITUTES.

These Schools for Colored Youth are growing in efficiency and in favor with our people. They furnish rallying points for effort on our part to help wisely the millions of Negroes who dwell in our Southland, and merit our hearty approval and support. We gladly recommend that in response to the request of the Grand Board of Education of our Church, the sum of $36.60 be added to the $230.00 heretofore assessed for their aid.

GREENSBURG FITTING SCHOOL.

This, the youngest of our Conference Schools, is doing excellent work. The transfer of the property, valued, with furniture and equipment, at $5000, has been made to a Board of Trustees representing this Conference, and we recommend that, as our own institution, it be liberally patronized by the Methodists of its vicinity. The Principal, Prof. Albert J. Price, assisted by competent instructors, is giving great satisfaction.

RECOMMENDATIONS.

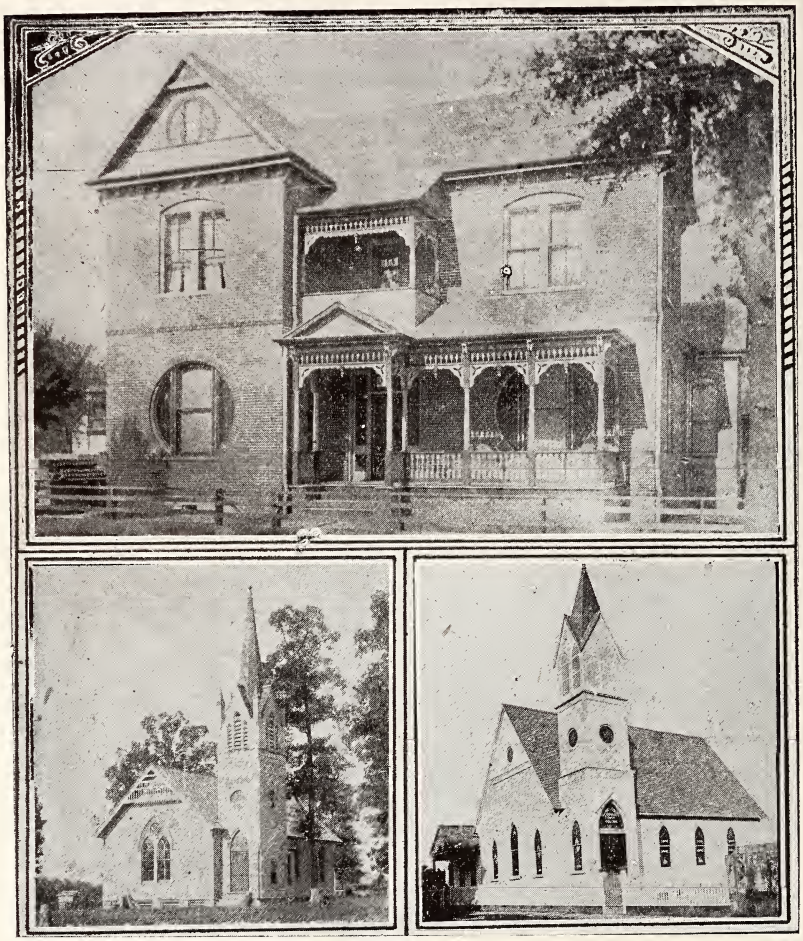
Report of the Committee on Temperance.

To the Bishop and Members of the Louisiana Conrerence.

Your Committee on Temperance submit the following report: Intemperance is one of the greatest enemies of man. Many respectable physicians and chemists pronounce ardent spirits poisonous aud detrimental to health and life. It is the Prime Minister of death and the king of terrors. It produces diseases by insinuating itself into the whole physical organism, affecting every nerve, every muscle, every bone, the brain, the heart, the liver, the viscera and the fluids, destroying their vitality and the life of every function. It injures and destroyes the powers of the intellect; it manacles every faculty, polutes the fountains of thought, overthrows the altars of wisdom, extinguishes the fires of aspiration, dethrones the reason, corrupts the judgment, destroys the memory, infuriates the imagination, and leaves man a raving maniac. Reliable computists say that seventy-five per cent of the insane in our asylums owe their insanity to drink. It destroys the souls of men by vitiating the affections, searing and silencing conscience, corroupting character, and leading the dram-drinker to habitual violation of the diviue law. More than seventy-five thousand fellow mortals go to drunkard's graves every year. Intemperance destroys our homes, blights our schools, paralyzes our courts of justice, pollutes our civil institutions, and undermines our civilization. The cost of this

traffic is beyond computation. Thousands of our people, who might be employed in useful labor, are engaged in the manufacture and sale of the poisonous breverage. The cost of almhouses, of criminal cases in the courts, the support of prisoners, of helpless widows and orphans of drunkhards, and



PARSONAGE AT MONROE, LA.

GRAND CANE CHURCH. ST. FRANCISVILLE CHURCH.

of other expenses tracible to intemperance, has been figured to be not less than 1,255,000,000 per annum.

We, as a religious people, should put forth the utmost reaches of our strength in earnest endeavor to destroy this gigantic enemy of mankind, by preaching against it, circulat-

ing temperance literature, organizing the children and young people into classes for the study of temperance catechisms, by voting for local option where it is not, and by seeing that the laws are enforced where it exists, by organizing Vigilance Committees and Law and Order Leagues, and in all our prohibition towns, cities and parishes, by enrorcing the disciplinary rules against members, by securing high license where local option can not be had.

It is our honest conviction that our preachers can do more in behalf of this great cause than can any other class of people; and it should be remembered that the legitimate result of this character of work is the salvation of immortal souls; therefore be it

RESOLVED, That we do all in our power to promote the cause of temperance and legal prohibition throughout the State.

Report of the Committee on Sabbath Observance.

To the Bishop and Members of the Louisiana Conference, assembled at New Orleans, Dec., 1901.

Dear Brethren: The committee to whom were referred to papers submisted to this Conference by the Sunday

League of America, asking your approval and co-operation, beg leave to report as follows: They have carefully examined those papers and find that the object of the said organization is to preserve and promote a better observance of the day of rest by assisting the pastors of all Evangelical denominations, local Sabbath reform organizations, and friends of Sunday rest, in educating public sentiment up to the point when it will demand that Sunday work shall be reduced to the minimum of mercy and necessity. This they propose to do by supplying campaign Sabbath reform literature, by providing or encouraging lectures and mass meetings, and by keeping its members advised of the movement in Sabbath reform. It claims to have a membership of 175,000 with nearly 5,000,000 adherents, controlled by a Board of Directors. It asks our approval of the election of eleven new members which they have recently added to the Board of Directors, viz: A. Coke Smith, D. D., Virginia; J. Q. A. Henry, D. D., Illinois; A. C. Sewell, D. D., New York; Dr. C. B. Richmond, Colorado; W. E. O'Kane, Esq., Missouri; Bishop J. W. Holt, Ohio; E. K. Bell, D. D., Maryland; Hon. Robt. E. Pattison, Pennsylvania. Hon. Jno. M. Thurston, Nebraska; H. M. Du Bose, D. D., Mississippi and W. H. Hickmann, D. D., Indiana.

Also, that we concur in setting appart the 8th to the 14th of April next as a week of special prayer for the better observance of the Lord's Day.

We offer for your adoption the following resolutions, viz:

1. Resolved, That we approve most heartily the object of the Sunday League of America, and approve of the election of the additional Directors as requested.

2. Resolved, That we concur in setting appart the week of April 8th to 14th as a week of special prayer for a better observance of the Lord's day.

3. Resolved, that a committee of three members of this Conference be appointed whose duty it shall be to keep the manager of the above named organization advised of any opening for the prosecution of their work and ministers or laymen, with whom they should correspond.

Respectfully submitted,

Report of the Committee on District Conference Records.

The Committee on District Conference Records submits the following report:

We have examined the records of all the District Conferences, except the Shreveport, which was not brought to the Conference, and report on them as follows:

New Orleans. This record is neat, correct and well arranged.

Arcadia. This record is almost model in brevity, appearance and style. The ommission of the signatures of the Presiding Elder and Secretary is no doubt an oversight.

Monroe. This record is in fine condition, with the exception of one page left blank in the heart of the record.

Crowley. This record is in fine shape, marginal notes well supplied, and nicely paragraphed.

Alexendria. Record approved.

Baton Rouge. Record hastily written, but meets with our approval.

For the sake of uniformity we would adivise the use of the Regular Conference Record Book, published by our Publishing House.

Respectfully submitted,

H. W. RICKEY, Chairman.

Editorial.

Severel new features have been added to our Annual this year which, it is hoped, will be appreciated; among them the roll of our dead brethren and the pictures of forty of them. The roll is incomplete as the data was not in the records. The editor will appreciate it very much if those who have the information will take the pains to give it to him. Any picture that may be sent for the pictorial record will be carefully taken care of and returned. If any reader can help us to locate the pictures of deceased preachers, not appearing in this copy of the Annual, we will be very grateful for the favor.

We have this year added a Local Preachers' Directory which is as near perfect as it was possible to make it under the circumstances. If the brethern interested will point out any errors there may be and inform us of any changes in address or relation, it will be an easy matter to continue this feature from year to year.

By making a special arrangement with the engraver, it is possible to furnish copies of the engravings in this issue of the deceased preachers at the rate of 75 cents each or $1.25 for the two, mounted on good, heavy cards, size about 12 by 14 inches. I can also furnish duplicate of each of the faces on these plates at the rate of $1.50 for half a dozen, card size. Send orders to Wm. G. Evans, Grand Cane, La.

Any of the brethren needing a blank Warranty Deed can get just what they need by writing to Hon. A. M. Mayo, Lake Charles, La., who has an admirable form printed specially for our church use.

The delay in getting out the Annual this year is due largely to the sickness of the editor during the conference session which necessitated waiting for the secretary to finish his work. It also took time to copy the reports of the brethren who failed to comply with the rule for duplicate reports and to write several reports that never were written. The printers delay of about eight weeks we are not responsible for.

The Auditing Board worked under great disadvantages this year. It is hoped with the knowledge gained and the early filing of reports next year that the work of the conference will be considerably expedited.

The serious sickness of Bishop Fitzgerald the night before the conference convened, was much regretted, and everyone rejoiced that he recuperated sufficiently to be able to preside over the conference,
